

TANJA SCHINDLER

FUTURIST - INSPIRATOR - STRATEGIST- SPEAKER

Rethink the future! The future is not just a topic for management and strategy, but every employee in the company should understand their influence and role in the future. A new way of thinking about the future (futures thinking) motivates everyone to actively shape the future instead of just preparing for it. Rethink and act instead of freezing and reacting! In my lectures I ignite your joy in the future!

ABOUT

Tanja Schindler is a passionate, international and award-winning Futurist for more than nine years and has international experience in foresight, innovation, leadership and strategy. She holds a double MBA/Master of Strategic Foresight with distinction from the Swinburne University of Technology in Melbourne, Australia. Through her international application of foresight, she sees the world from various perspectives and enables others to deal with the future and its uncertainty. Her focus is to emphasise the advantages of a Futures Mindset.

She is the founder of Futures2All GmbH and the guardian of the global community Futures Space, where she explores multiple futures with members from all over the world creating a pathway into positive futures. Further, she leads foresight projects for the EU Commission, particularly with a focus on participatory futures design. Since January 2021, she is also Vice-Chair of the board of directors of the Association of Professional Futurists.
